EXPERIENCE

Software Engineering Bootcamp Teaching Assistant | BrainStation

FEB 2023 - MAY 2023, FULL-TIME CONTRACT (REMOTE)

- Selected from a former cohort of 30 BrainStation graduates to guide future bootcamp sessions based on academic performance and classroom presence.
- Assisted educators with teaching full stack engineering skills to students by supporting through live instruction and deep understanding of curriculum.
- Conducted peer code review and grading, identifying efficiencies and opportunities for improvement through constructive feedback and mentoring.
- Acted as Project Manager for multi-disciplinary teams including software engineers, UX designers and data scientists for program hackathons.

Senior Staff Accountant | Chaggares & Bonhomme CPA

NOV 2020 - NOV 2022, NEWMARKET, ON (HYBRID)

- Implemented and documented accounting controls, policies and procedures of profit and not-for-profit entities to improve regulation compliance.
- Conducted technical research, developing and documenting advisory recommendations for corporate clients resulting in tax savings.
- Mentored junior staff and instructed in technical training to improve workflow requirements across the firm and engagement turnover time.

Senior Accountant | Deloitte LLP

DEC 2019 - NOV 2020, TORONTO, ON (HYBRID)

- Planned and executed assurance engagements with businesses operating on a global scale to meet regulatory requirements and investor demands.
- Documented understandings of business processes and internal controls for creation of technical memos and audit procedures to improve audit flow.

EDUCATION

Software Engineering Diploma | BrainStation

NOV 2022 - FEB 2023, TORONTO, ON (REMOTE)

- 12 week intensive program featuring software engineering foundations, full stack project development, agile methodologies, DevOps and deployment.
- Translated mockups and high fidelity Figma wireframes to fully functioning responsive web applications through weekly sprints and scrums.
- 95% cumulative average across all units upon program completion, granted entrance scholarship on merit of technical application.

CPA Designation | Chartered Professional Accountants of Canada

SEPT 2014 - MAY 2016, TORONTO, ON

B.B.A. with Distinction | University of Guelph-Humber

SEPT 2009 - APR 2013, TORONTO, ON

PROJECTS

GLUCOAST | [GitHub Link](#)

BrainStation Capstone Project - [VIEW A LIVE DEMO VIA LOOM VIDEO HERE](#)

- Developed a viewport responsive React application including dynamic data visualization, utilizing an Express.js server with CRUD functionality.
- Designed an all-in-one dashboard utility app to assist diabetics with managing their glucose levels on a daily basis.
